

This is my library!

# My library has a lot of different events for me to go to!

Storytime is a lot of fun! The librarian will read some books and lead us in rhymes, songs, and dances.

# Everyone has fun and learns at storytime!

- Listen quietly during the story.
- When it is time to sing and dance, you and your adult can both join in!
- We try to be quiet with our bodies and voices so that everyone can enjoy the library together.

Sometimes after storytime there are crafts, where we get to make fun projects to take home with us!
